

INDEPENDENT CONTRACTOR & DEVELOPMENT SERVICES AGREEMENT

(Including Confidentiality and Intellectual-Property Assignment)

This Independent Contractor & Development Services Agreement (the “**Agreement**”) is made and entered into on **29 May 2026** (the “Effective Date”), by and between:

Company: Xinnov Inc. and/or HXCenteredAI, of 13 Raithby Crescent, Ajax, Ontario, L1Z 0S2, Canada (the “Company”); and

Contractor: Nguyen Chanh Huy (name), of
Ho Chi Minh City, Viet Nam (address) (the “Contractor”).

The Company and the Contractor are each a “Party” and together the “Parties.”

Background

The Company is engaged in the design and development of proprietary software, artificial-intelligence products, and related technology, including the Wakeel multi-agent regulatory-interpretation system. The Company wishes to engage the Contractor to perform development and related services in connection with that system, and the Contractor wishes to perform those services, on the terms set out in this Agreement. In consideration of the mutual promises in this Agreement, and the Fees payable under it, the Parties agree as follows.

1. Engagement and Services

1.1 The Company engages the Contractor to perform the services described in Schedule A (the “Services”), and the Contractor accepts that engagement.

1.2 The Contractor shall perform the Services with reasonable skill, care, and diligence, in a professional and workmanlike manner, and in accordance with the Company’s reasonable instructions and the timelines set out in Schedule A.

1.3 The Contractor shall keep the Company reasonably informed of progress and shall promptly notify the Company of any matter likely to affect delivery, cost, or timing of the Services. Without limiting the foregoing, the Contractor shall provide an end-of-working-day check-in (short written summary or video) on each working day within the Term, and shall surface any blocker that has prevented progress for more than four (4) hours.

2. Term and Termination

2.1 This Agreement begins on the Effective Date (29 May 2026) and continues until 1 June 2026, or until the Services are accepted in full, or until terminated under this Section, whichever occurs first (the “Term”).

2.2 Either Party may terminate this Agreement for convenience on fourteen (14) days’ prior written notice to the other.

2.3 Either Party may terminate this Agreement immediately on written notice if the other Party commits a material breach of this Agreement that is not remedied within ten (10) days after written notice of the breach, or if the other Party becomes insolvent or unable to pay its debts.

2.4 On termination, the Company shall pay the Contractor for Services properly performed and accepted up to the date of termination, and Sections 4 to 13 (and any other provision that by its nature is intended to survive) shall continue in force.

3. Delivery and Acceptance

3.1 The Contractor shall notify the Company in writing when each Milestone described in Schedule A is ready for review.

3.2 The Company shall, within forty-eight (48) hours of that notification, respond with one of: (a) Accepted; (b) Conditionally Accepted with a written fix list, in which case the Contractor shall correct the listed defects within forty-eight (48) hours and re-submit for review; or (c) Not Accepted, with a written explanation of the material failure of the acceptance criteria.

3.3 If the Company does not respond within the forty-eight (48) hour window, the Milestone shall be deemed Accepted.

3.4 Defects in Milestone 1 deliverables that are discovered during Milestone 2 work and that should reasonably have been identified at Milestone 1 acceptance shall be corrected by the Contractor at no additional cost, as part of the Milestone 2 scope.

4. Compensation

4.1 In consideration of the Services and of the assignment of intellectual property under Section 7, the Company shall pay the Contractor the fees set out in Schedule B (the "Fees"), totalling USD 1,000 (one thousand United States dollars), split equally across the two Milestones. The Parties acknowledge that the Fees constitute valuable and sufficient consideration for, among other things, the confidentiality undertakings, the restrictive undertakings, and the assignment of all Work Product under this Agreement.

4.2 The Contractor shall invoice the Company on acceptance (or deemed acceptance) of each Milestone. The Company shall pay each undisputed invoice within seven (7) days of acceptance.

4.3 Each Party shall bear its own costs and expenses. No expenses are reimbursable unless pre-approved by the Company in writing.

5. Confidentiality

5.1 "**Confidential Information**" means all non-public information disclosed by or on behalf of the Company in any form — written, oral, electronic, visual, or otherwise — including business plans, strategies, product concepts, roadmaps, technical specifications, system architectures, data models, source code, prompts, scripts, algorithms, UI/UX designs, workflows, datasets, financial and commercial information, operational processes, and documentation, together with any analysis or derivative based on the foregoing, and any information that a reasonable person would understand to be confidential given its nature or the circumstances of disclosure.

5.2 Confidential Information does not include information that: (a) is or becomes public through no breach by the Contractor; (b) was lawfully known to the Contractor before disclosure without a duty of confidence; (c) is independently developed by the Contractor without use of or reference to the Confidential Information; or (d) is disclosed with the Company's prior written consent.

5.3 The Contractor shall: (a) keep the Confidential Information strictly confidential; (b) use it only to perform the Services; (c) not disclose it to any third party without the Company's prior written consent; (d) limit access to personnel with a strict need to know who are bound by obligations of confidence no less protective than those in this Agreement; and (e) protect it using at least reasonable security measures.

5.4 If the Contractor is required by law or by a court order to disclose Confidential Information, the Contractor shall, where lawful, give the Company prompt prior notice and disclose only the minimum required.

5.5 The obligations in this Section continue for five (5) years from the date of disclosure, except that information that constitutes a trade secret shall remain protected for as long as it retains that status under applicable law.

6. Use of AI Tools and Data Handling

6.1 The Contractor shall not use any Confidential Information — including code, prompts, datasets, documentation, workflows, or conceptual material — to train, fine-tune, optimize, or otherwise improve any artificial-intelligence model, agent, large language model, or machine-learning system.

6.2 The Contractor shall not submit Confidential Information to any third-party AI service, API, cloud assistant, code-completion tool, or storage platform that retains, reuses, or trains on submitted data, unless the Company has approved that tool and configuration in writing. The Contractor shall use only Company-approved environments, repositories, and accounts (including the Company's GitLab repository and any associated GitHub mirror) for handling Confidential Information.

6.3 No real API keys, credentials, or secrets shall be committed to any repository at any time.

7. Intellectual Property and Work Product

7.1 **"Work Product"** means all deliverables, source code, scripts, prompts, designs, documents, models, datasets, workflows, system architecture, and any other materials or output created or developed by the Contractor, whether alone or with others, in the course of performing the Services.

7.2 All Work Product is created for the Company and, to the maximum extent permitted by applicable law, is owned by the Company from the moment of creation. To the extent any Work Product is not so owned automatically, the Contractor hereby irrevocably assigns and transfers to the Company all rights, title, and interest in and to the Work Product, including all intellectual-property rights, effective on creation, in consideration of the Fees.

7.3 The Contractor irrevocably waives, to the extent permitted by law, all moral rights in the Work Product, and shall, at the Company's reasonable request and cost, execute documents and do things reasonably necessary to perfect or register the Company's rights. This obligation survives termination.

7.4 **Pre-existing materials.** The Contractor retains ownership of tools, libraries, code, and know-how that it owned before, or develops independently of, this engagement ("Background IP"). If any Background IP is embedded in the Work Product, the Contractor grants the Company a perpetual, worldwide, royalty-free, irrevocable, sub-licensable licence to use, copy, modify, and distribute it solely as part of the Work Product. The Contractor shall not incorporate third-party or open-source material into the Work Product except under licences compatible with the Company's intended commercial use, and shall identify any such material on request.

7.5 The Contractor shall not reuse, adapt, replicate, or repurpose the Company's Confidential Information or the Work Product for any other client, employer, project, or venture, except for Background IP and for the Contractor's general skills, knowledge, and experience retained in intangible form.

8. Restrictive Undertakings

8.1 **Non-competition.** During the Term and for twelve (12) months after termination or expiry, the Contractor shall not, within the United Arab Emirates or the wider Gulf Cooperation Council (GCC) region, design, build, or assist any third party in designing or building any product or service that is substantially similar to the Wakeel system — namely a multi-agent artificial-intelligence platform for regulatory or legal interpretation — or that directly competes with the specific Company products or features the Contractor worked on or about which the Contractor learned Confidential Information under this Agreement. This restriction is limited to what is reasonably necessary to protect the Company's legitimate interests and does not restrain the Contractor's general profession as a software developer.

8.2 **Non-solicitation.** During the Term and for twelve (12) months after termination or expiry, the Contractor shall not solicit any client, employee, or contractor of the Company with whom the Contractor dealt under this Agreement, for any competing purpose.

8.3 **Publicity and portfolio.** The Contractor shall not publish, demonstrate, or reference the Company's Confidential Information or Work Product in any portfolio, case study, repository, CV, social-media post, interview, or marketing material without the Company's prior written consent. The Company shall not unreasonably withhold consent to a general, non-confidential description of the Contractor's role after public launch.

8.4 The Parties agree these restrictions are reasonable. If any restriction is found unenforceable, it shall be read down to the maximum extent enforceable rather than struck out.

9. No Subcontracting

The Contractor shall not subcontract, outsource, or delegate the Services or access to Confidential Information to any third party — including freelancers, agencies, offshore teams, advisors, or tools with data-retention capability — without the Company's prior written consent. The Contractor remains fully responsible for any approved subcontractor and shall ensure it is bound by obligations of confidentiality and IP assignment no less protective than those in this Agreement.

10. Return or Destruction of Materials

On the Company's written request, or on termination or expiry of this Agreement, the Contractor shall promptly return or, if return is not feasible, permanently and irrecoverably destroy all Confidential Information and Work Product in its possession or control, in any form, including originals, copies, extracts, derivatives, files, and backups, and shall on request certify in writing that it has done so. The Contractor may retain one (1) copy solely to the extent required by law or its routine backup systems, which remains subject to the confidentiality obligations of this Agreement.

11. Independent Contractor Status

11.1 The Contractor is an independent contractor, not an employee, partner, or agent of the Company. Nothing in this Agreement creates an employment, partnership, or joint-venture relationship.

11.2 The Contractor is solely responsible for its own taxes, social contributions, insurance, and equipment, and has no authority to bind the Company.

12. Representations and Warranties

The Contractor represents and warrants that: (a) it has full right and authority to enter into and perform this Agreement; (b) the Services and Work Product shall be original and shall not knowingly infringe any third party's intellectual-property or other rights; (c) it is not bound by any obligation that conflicts with this Agreement; and (d) it shall comply with all applicable laws in performing the Services.

13. Indemnity and Liability

13.1 The Contractor shall indemnify, defend, and hold harmless the Company against losses, damages, costs, and expenses (including reasonable legal fees) arising from: (a) the Contractor's breach of Sections 5 to 9 or Section 12; or (b) any third-party claim that the Work Product (excluding Company-supplied materials) infringes that party's intellectual-property or other rights.

13.2 Subject to Section 13.3, each Party's aggregate liability under or in connection with this Agreement shall not exceed the total Fees paid or payable under this Agreement (i.e. USD 1,000). Neither Party shall be liable for indirect, consequential, special, or punitive loss, or for loss of profit, revenue, goodwill, or anticipated savings.

13.3 The cap in Section 13.2 does not apply to, and shall not limit, liability arising from: (a) breach of confidentiality (Section 5); (b) breach of the intellectual-property assignment or restrictive undertakings (Sections 7 and 8); (c) the indemnity in Section 13.1; (d) the Contractor's wilful misconduct, fraud, or gross negligence; or (e) any liability that cannot be limited under applicable law.

14. Governing Law and Jurisdiction

14.1 This Agreement is governed by, and shall be construed in accordance with, the laws of the Abu Dhabi Global Market (ADGM), United Arab Emirates.

14.2 The Parties irrevocably submit to the exclusive jurisdiction of the Courts of the Abu Dhabi Global Market in respect of any dispute, claim, or matter arising out of or in connection with this Agreement.

15. General

15.1 Entire agreement. This Agreement (with its Schedules and any document expressly incorporated by reference) constitutes the entire agreement between the Parties and supersedes all prior discussions and agreements, including any earlier non-disclosure agreement, on the same subject matter.

15.2 Order of precedence. In the event of conflict between this Agreement and the Milestone Amendment referenced in Schedule A, the Milestone Amendment shall control as to the acceptance criteria for the Milestones, and this Agreement shall control as to all other matters.

15.3 Variation. Any change to this Agreement must be in writing and signed by both Parties.

15.4 Severability. If any provision is invalid or unenforceable, the remainder shall continue in force, and the invalid provision shall be modified to the minimum extent needed to make it valid and enforceable.

15.5 Assignment. The Contractor may not assign or transfer this Agreement without the Company's prior written consent. The Company may assign this Agreement to an affiliate or to a successor in connection with a corporate reorganisation or sale.

15.6 Waiver. The failure or delay by a Party to enforce a right is not a waiver of that right.

15.7 Notices. Notices under this Agreement shall be in writing and may be sent by email to the address each Party designates for that purpose.

15.8 Counterparts and electronic signature. This Agreement may be signed in counterparts and by electronic signature, each of which is an original and which together constitute one agreement.

15.9 Survival. Sections 5, 7, 8, 10, 12, 13, 14, and 15, and any provision that by its nature is intended to survive, shall continue in force after termination or expiry.

16. Signatures

Agreed and accepted by the Parties as of the Effective Date.

Schedule A — Scope of Services

Project: Wakeel — multi-agent regulatory-interpretation system.

Engagement window: 29 May 2026 to 1 June 2026.

Reference: The Services shall be performed in accordance with the scope agreed between the Parties and, where applicable, the Wakeel Statement of Work and Milestone Amendment provided separately by the Company, which are incorporated into this Agreement by reference. In the event of conflict, the Milestone Amendment controls as to the acceptance criteria for the Milestones, in accordance with Section 15.2 of the main Agreement.

Milestone 1 — Build Mode (Wakeel)

Hard deadline: 31 May 2026, 23:59 UAE time.

Payment on acceptance: 50% of the Fees (USD 500).

Acceptance is conditional on all six (6) of the following passing:

- LLM connects to Compass.
- Corpus ingested (Labour Law and PDPL); retrieval works on test queries.
- POST /run with mode "build" returns a valid response on a sample input.
- Streamlit UI available on port 8001 with chat and audit-trail features.
- Feedback Loops 1, 2, and 3 demonstrably firing and visible in run logs.
- GitLab repository current and GitLab → GitHub mirror live and syncing.

Full criteria are set out in the Milestone Amendment provided separately, which controls in case of any ambiguity.

Milestone 2 — Use Mode and Delivery (Wakeel)

Hard deadline: 1 June 2026, 23:59 UAE time.

Payment on acceptance: 50% of the Fees (USD 500).

Acceptance is conditional on all eight (8) of the following passing:

- POST /run with mode "use" returns valid responses with verified citations on three (3) example inputs.
- Feedback Loops 4 and 5 demonstrably triggering in run logs (not merely present in code).
- NDA review copilot template working end-to-end against the use-mode example inputs.
- Arabic input support working on the Interviewer agent, verified on the designated test input.
- docker build and docker run start the API and UI cleanly from a fresh clone.
- Three (3) walkthrough videos delivered in the demos/ folder, covering build mode, use mode (with a visible Loop 4 citation-rejection moment), and Arabic intake.
- README and architecture documentation updated to reflect the final state of the system.
- No real API keys, credentials, or secrets present anywhere in the repository or its git history.

Full criteria are set out in the Milestone Amendment provided separately, which controls in case of any ambiguity.

Working norms

- Daily end-of-day check-in (short written summary or short video) on each working day within the Term (29, 30, 31 May and 1 June 2026).
- Blocker SLA: any issue blocking progress for more than four (4) hours shall be surfaced to the Company immediately.

- Code commits shall be atomic and message-prefixed (feat:, fix:, docs:).
- Approved environments: Company GitLab repository and associated GitHub mirror; Docker for packaging.

Schedule B — Fees

Total Fees: USD 1,000 (one thousand United States dollars).

Currency: United States dollars (USD).

Structure: Fixed fee, payable in two equal instalments tied to Milestone acceptance.

- Milestone 1 — Build Mode: USD 500, payable on Acceptance (or deemed Acceptance) of Milestone 1.
- Milestone 2 — Use Mode and Delivery: USD 500, payable on Acceptance (or deemed Acceptance) of Milestone 2.

Invoicing: Per Milestone, on Acceptance (or deemed Acceptance).

Payment terms: Within seven (7) days of written Acceptance.

Expenses: None reimbursable unless pre-approved in writing by the Company.
